

TRAIL FEATURES AND NOTES

- A** 3152 trailhead.
- B** Greer Recreation Loop trail. The official Ozark Trail route is the high trail. The low trail can be seasonally overgrown and is subject to flooding.
- C** Scenic valley view.
- D** Greer Recreation Area trailhead parking. Ozark Trail access is several hundred feet up the access road. Take a short connector trail to the Eleven Point section.
- E** Bottomland trail to the west of Greer Recreation area goes under the Hwy 19 bridge. Not officially part of the Ozark Trail. Subject to flood. Can be overgrown.
- F** Greer Spring and Trail (1 mile). Second largest spring in MO. Located off trail 1 mile south of bridge.
- G** Roadside pull-off. Used by some to access the bottomland trail to the west. Not officially part of the Ozark Trail. Register at the office if you wish to park. Watch for vehicles if traveling on the road!

Through-Hiking Mileage: N to S - 202 to 217 | S to N - 13 to 28

WATER SOURCES

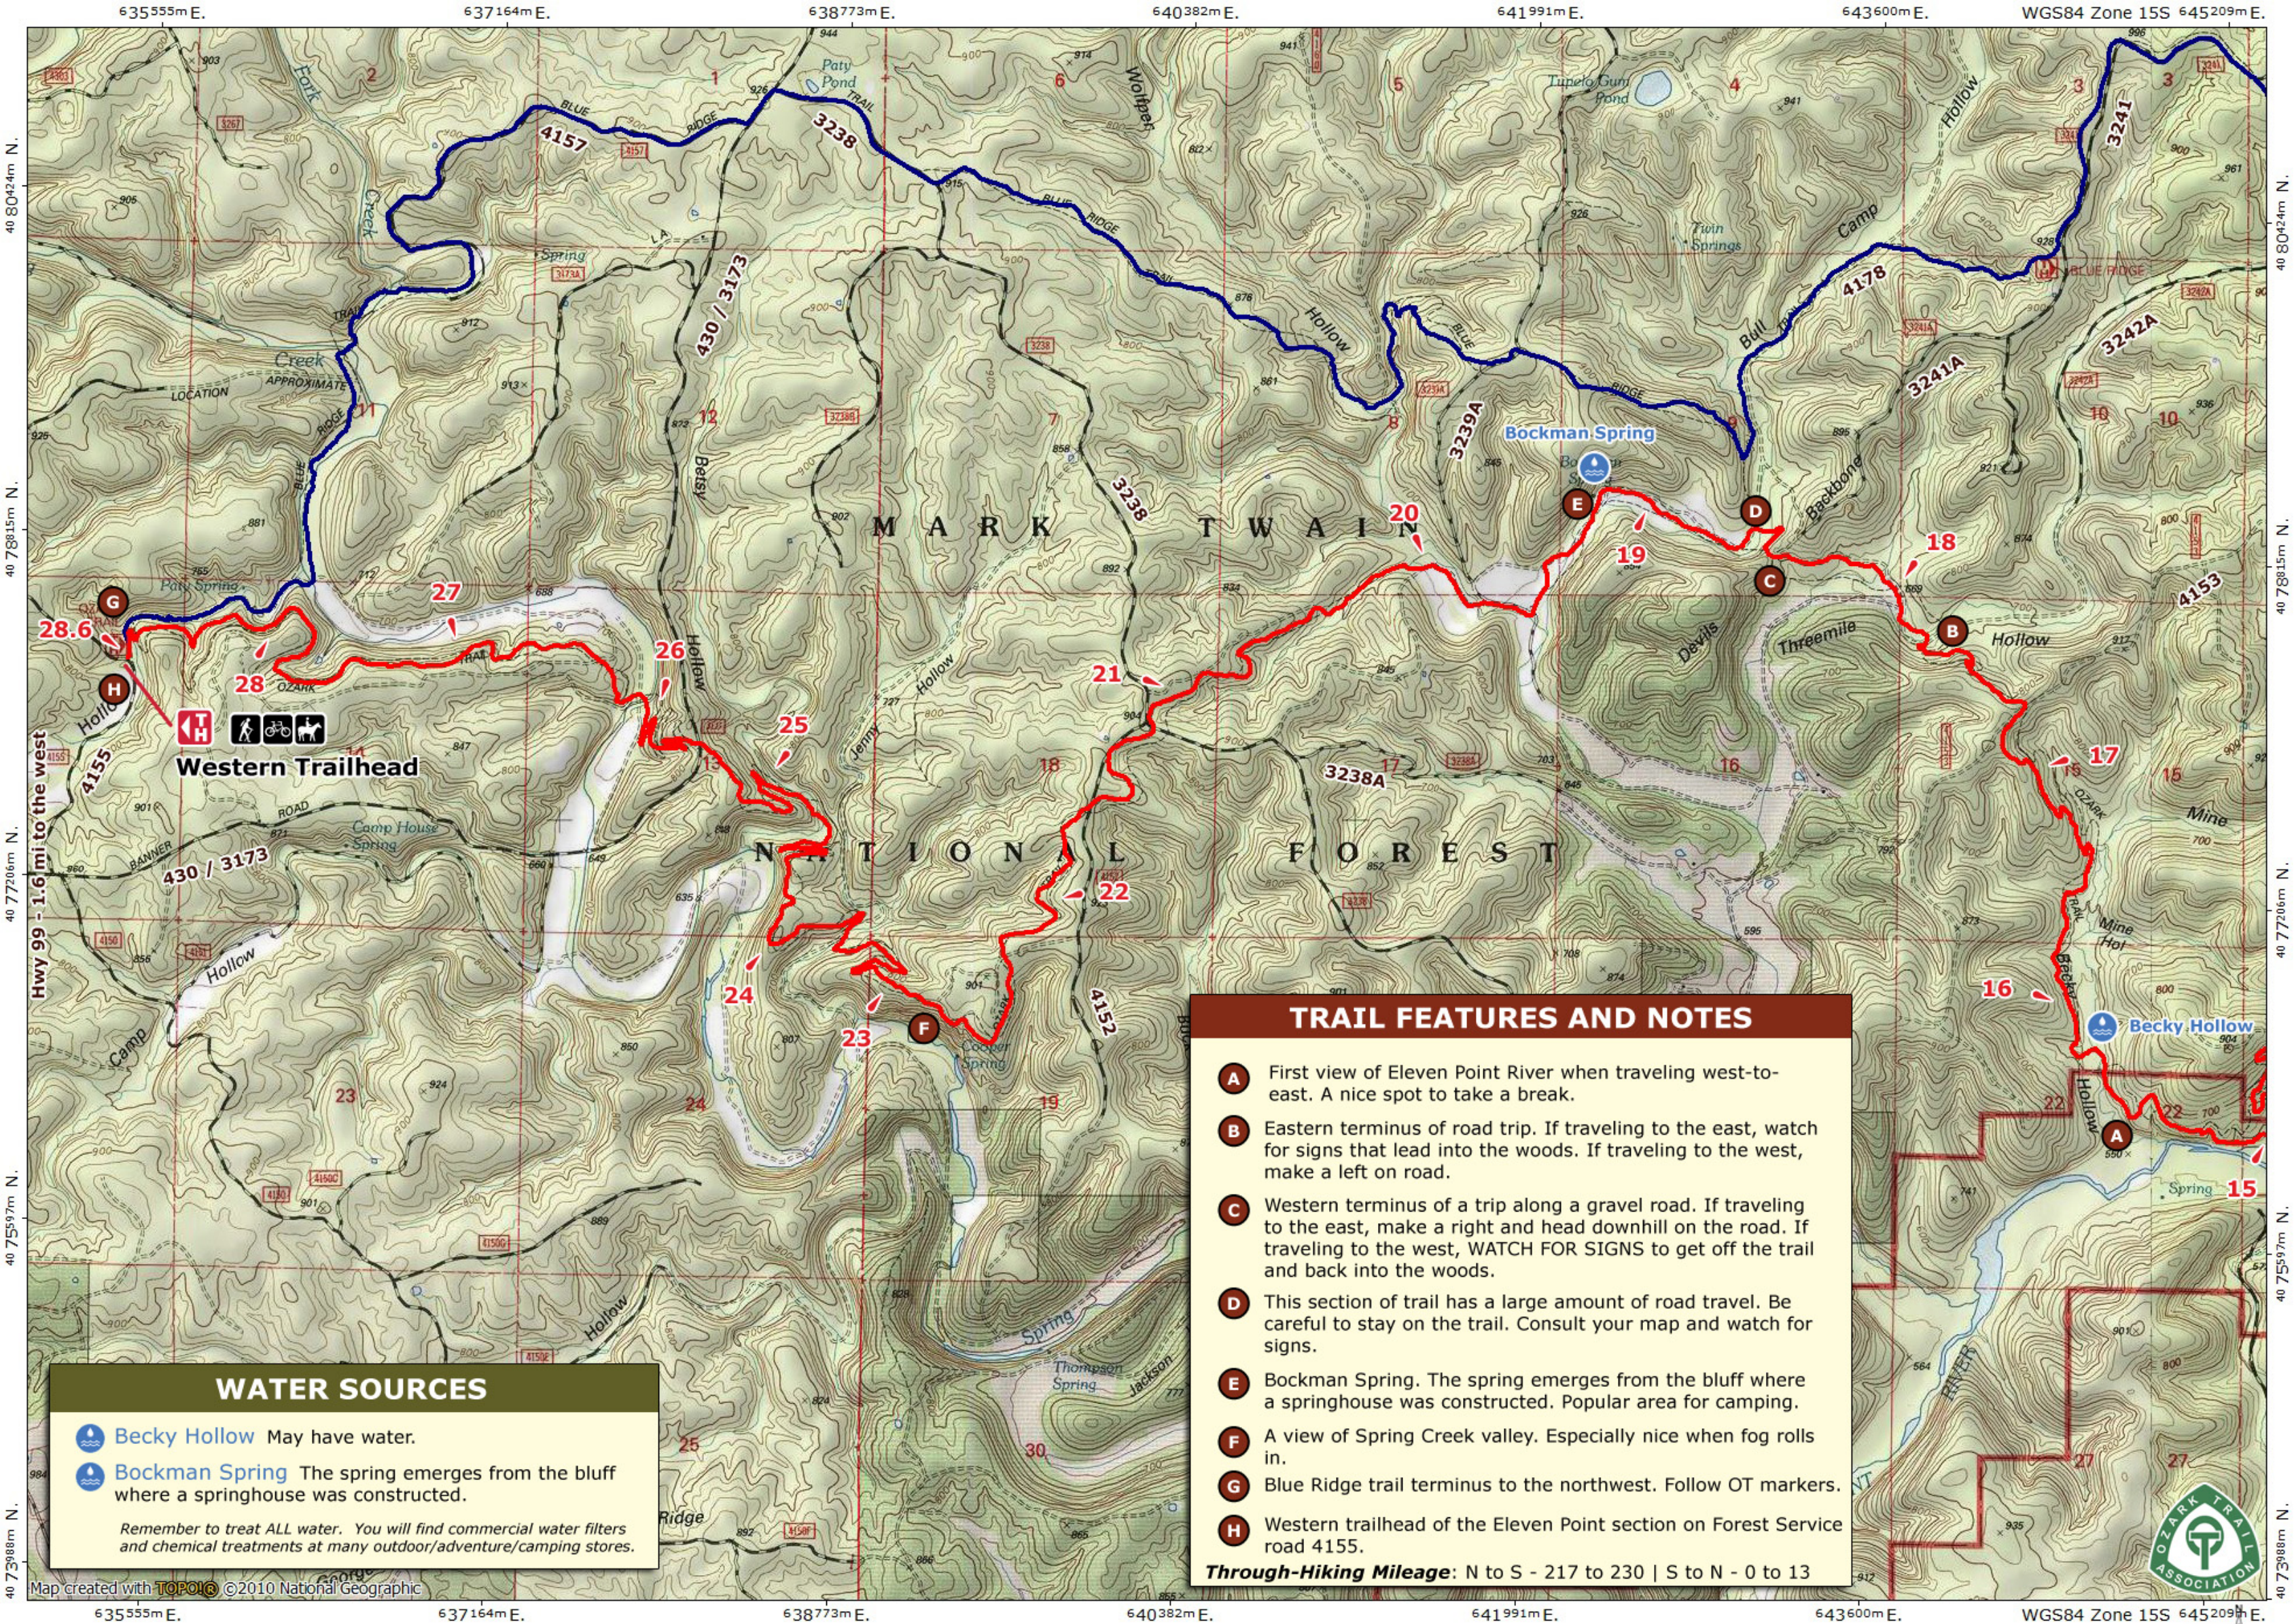

Hurricane Creek Reliable. Could be a wet crossing.
NOTE: Hurricane Creek is subject to flash flooding! Do not attempt to cross during swift high water!

Remember to treat ALL water. You will find commercial water filters and chemical treatments at many

TRAIL FEATURES AND NOTES

- H** Western terminus of the unofficial bottomland trail. The OT is up the hill. The bottom route is popular, but subject to flooding and seasonally overgrown.
- I** Nice view of the Eleven Point valley.
- J** Great view of the Eleven Point from the top of a bluff. Watch eagles soar through the valley in the winter. One of the best spots on the southern section of the Ozark Trail.
- K** McCormack Lake spur trail connector.
- L** East end of road trip. Watch for signs to stay on the Ozark Trail. Trail to the east gets off the road. Going west, make a left on road.
- M** McCormack Lake trailhead. One mile spur to Ozark Trail- go south along the eastern shore of the lake and pick up the trail by the dam.
- N** Boom Hole. Excellent gravel bar on the Eleven Point with great bluffs on the opposite bank. Access via loop road.

Hwy 99 - 1.6 mi to the west

WATER SOURCES

- Becky Hollow** May have water.
- Bockman Spring** The spring emerges from the bluff where a springhouse was constructed.

Remember to treat ALL water. You will find commercial water filters and chemical treatments at many outdoor/adventure/camping stores.

TRAIL FEATURES AND NOTES

- A** First view of Eleven Point River when traveling west-to-east. A nice spot to take a break.
- B** Eastern terminus of road trip. If traveling to the east, watch for signs that lead into the woods. If traveling to the west, make a left on road.
- C** Western terminus of a trip along a gravel road. If traveling to the east, make a right and head downhill on the road. If traveling to the west, WATCH FOR SIGNS to get off the trail and back into the woods.
- D** This section of trail has a large amount of road travel. Be careful to stay on the trail. Consult your map and watch for signs.
- E** Bockman Spring. The spring emerges from the bluff where a springhouse was constructed. Popular area for camping.
- F** A view of Spring Creek valley. Especially nice when fog rolls in.
- G** Blue Ridge trail terminus to the northwest. Follow OT markers.
- H** Western trailhead of the Eleven Point section on Forest Service road 4155.

Through-Hiking Mileage: N to S - 217 to 230 | S to N - 0 to 13
