- D** Glades to explore. Southern end of old road walk. OT heads west.
- E** Northern end of old forest road walk. OT heads east.
- F** Marble Creek, campground and shut-ins. A great place to explore.

WATER SOURCES

NOTE: The eastern half of the Marble Creek Section has few reliable water sources. In periods with no rain, there will likely be no on-trail water. While there are generally reliable water sources just off, and alongside, the trail, water planning is crucial on this portion of trail. Remember to treat ALL water. You will find commercial water filters and chemical treatments at many outdoor/adventure/camping stores.
