A meeting of the directors of the corporation was held on Saturday, August 29, 2020, at 10:30 A.M., via Zoom Conferencing Service, for the purpose of reviewing the prior year's business, discussing corporate operations for the upcoming year, and for the transaction of any other business that may properly come before the meeting, pursuant to notice and in accordance with Bylaws of the Ozark Trail Association, A Missouri Nonprofit Corporation.

Ms. Abi Jackson was elected Chairman of the meeting and Mr. Jeff Goetter was appointed Secretary thereof.

The secretary announced that the meeting was held pursuant to notice, if and as required under the bylaws of this corporation.

The secretary announced that the following directors were present at the meeting:

Ms. Kathie Brennan	Mr. Garret Doak
Mr. Roger Allison	
Mr. Jeff Goetter	Mr. Mark Goforth

The secretary then announced that the presence of these directors at the meeting represented a quorum of the board of directors as defined in the bylaws of this corporation

The following persons were also present at the meeting:

Ms. Abi Jackson Jon Breithaupt Joy

The secretary announced that the minutes of the 2<sup>nd</sup> Quarter Board meeting held on April 25, 2020 were provided at the meeting. After discussion, a vote was taken, and the minutes of the meeting were approved by the directors in attendance.

The first item of business was the opportunity for open public discussion by meeting attendees. Mr. James Hodges reported plans are to still underway to hold a kickoff event on Saturday 9-19-20 at the border. Event is on the website.

The next item of business was the **President** report from Ms. Kathie Brennan. Events all over are being cancelled, but the OTA is still having smaller events, adopters have been going out, AmeriCorps has been working with us, and donations have been coming in. We fielded volunteers for Storm damage repair at the Eleven Point and Between the Rivers sections, assessing 53 miles and clearing trees from 30 plus miles of trail, 800 volunteer time. We had AmeriCorps crews available over 7 weeks on multiple sections, clearing trees, brushing, tread restoration. GAOA was recently passed that will fund agencies so they can work on backlog of maintenance work that is needed over the next 5 years. The OTA did submit a list of projects to the USFS for consideration.

The next item of business was the **Chief Operations Officer** report by Ms. Abi Jackson, please see **Attachment 1** for the report.

The next item of business was the **Treasurer's** report by Mr. Roger Alison. See **Attachment 2** for the documents discussed.

The next item of business was reports from the Standing Committees

The **Communications Committee** was reported on by multiple individuals. Mr. Garret Doak reported on the status of the website. See **Attachment 3** for full report.

The **Construction & Maintenance Committee** report was presented by Kathie Brennan See **Attachment 4** for the submitted report. In addition, it was noted trail signage guidelines are being updated by the Adopt-A-Trail team

Ms. Kathie Brennan reported a meeting was held with the LAD about a recent timber sale which had a major impact on the trail. LAD does their sales in weekly increments and they admit there has been a disconnect between the sales and recreation side, but they will always have to cross the trail due to terrain issues, but hopefully after this meeting there will be less of an impact on the trail.

The **Planning and Development Committee** was reported by Kathie Breann. See **Attachment 5** for committee chair report.

The **Education and Outreach Committee** was reported on by Mr. Jeff Goetter. Ms. Jenn Potts is the new committee chair and reported that the OTA has a booth at the Echo Bluff State Park fall Bazaar on October 31st at from 9a - 3p.

The **Fundraising Committee** was reported on by Mr. Garret Doak. The Fundraising committee brought forward a proposal to change our merchandise program (minus trail maps) over to a service called Café press. The board members who attended the meeting reviewed and discussed the proposal and did approve it to go forward and Mr. Jeff Goetter will engage the remainder of the Board to review and ask for their approval. See **Attachment 6** for the submitted report.

The next item of business was a call for new business.

MS. Kathie Brennan opened a discussion of the need for the organization to create a Vision statement. Mr. Jeff Goetter proposed we ask the group that put together the Programmatic Business Model Proposal look at this and he will contact the group.

Mr. Garret Doak brought forward a proposal submitted by the Strategic Focus Group led by Hannah Hussey called the "Programmatic Business Model Proposal". This proposal to provides a description of the business model of the Ozark Trail Association (OTA) as a nonprofit organization. The board members present reviewed, discussed, and gave preliminary approval to the proposal, as will assist with the upcoming budget development, but the proposal needs approval by the remaining board members. The main concern for a preliminary approve has to do with the Advocacy section in the document, as things stands now, the Advocacy activities have been mostly addressed under the Education and Outreach committee, but the consensus is a new committee called Advocacy will need to be created and that will require an amendment to the Bylaws. Mr. Jeff Goetter will submit the proposal to all the Board Members for their input and approval status. See **Attachment 7** for the proposal details. Ms. Kathie Brenan opened a discussion for planning for 2021 (impact of COVID-19) it is asked for anyone to share any ideas of how we can continue to get feet on the ground in the mist of the COVID issues

Ms. Abi Jackson presented a Board Handbook and a 2021 Organization Action Calendar that would be shared with all newly elected Board Members, prospective Board Members, and existing members as part of an orientation program. This document would provide information on the duties and responsibilities as related to being a Board Member of the Ozark Trail Association and provide background and history of the of the organization. A key part of this document is the inclusion of an "Ozark Trail Association Board Member Agreement" document that each member would be asked to agree to and sign.

Also included in the handbook is a month-by-month breakdown of the typically activities that take place in the organization. This information would provide a place to look at each month and see what may be coming up that they may have a part in. Please look that over and if you have any suggestions let Ms. Jackson know. Some discussion on the calendar was a suggestion about incorporating it into a Google Web. Mr. Jeff Goetter will provided the document to all the Board Members for their input and approval status. See **Attachment 8** for the handbook

Ms. Kathie Brennan is asking to have an Executive committee be schedule in October for the purpose of starting to plan the 2021 budget.

After discussion, a tentative date of Saturday, November 21, 2020 was set for the Q4 Board Meeting.

There being no other further business before the Board, on motion duly made seconded and carried, the meeting was adjourned.

Respectfully submitted,

Jeffery J. Goetter Secretary, Ozark Trail Association Board of Directors

# Website Upgrade Project:

### **Objectives:**

- Update 'look and feel' of home page to focus on the trail
- Restore functionality lost in various prior revision attempts
  - Example: Adopt-A-Trail pages
  - Example: Adopt-A-Trail reporting
  - Example: Trail Services
- Add new functionality to facilitate operational reporting
  - Example: Sawyer reports
- Provide the original promise of easy-to-use non-technical updates
  - Example: Trail condition notifications (planned burns, hunting closures)
  - Example: Updated organization statuses (BoD bios, BoD minutes, 990's)
- Improve security and recoverability of site

#### Status:

- Volunteer developer on board with sufficient access
- Requirements list created, prioritized
- Development site created
- Inventory of required upgrades complete
- Initial attempt at plug-in version updates failed; additional work needed to determine how to bring site up to date without breaking appearance and functionality

#### **Attachment 5 – Planning and Development Committee**

A video conference was held with representatives of MODOT on Aug. 11th. Pam Masterson, Mike Cervantes, Julie Duenne and I discussed the road route from the Eleven Point terminus to the North Fork TH. They were concerned that there may be need of a trail agreement to be put in place but after a brief discussion that was determined not to be the case. We (the OTA) are strictly needing to blaze the route with OT markers at intersections along the route. This is an issue for the traffic/signage division and hopefully will be ok'd soon.

Matt Atnip, Jackson Rhoades, Terri Hawn, Abi, and I held a video conf. concerning the proposed construction outing planned for Sept. We are hopeful that this will transpire but are still working thru covid concerns with the COE. Udal campground is currently closed witch was to serve as our base of operations. James Hodges is working closely with the COE to get a special permit to use the campground. News on that progress is forthcoming.

No report on the "Blue Trail" at this time.

#### Attachment 6 – Fundraising Committee

Ozark Trail Association Fundraising Committee Board Meeting Report August 29, 2020

**Executive Summary:** 

The Fundraising Committee has an eventful second quarter. Due to ongoing health and safety precautions several fundraising events in the spring were rescheduled or cancelled. Some fundraising events are still scheduled for the fall. However, it is highly likely that fundraising revenue will be lower compared to 2019 due to the COVID19 pandemic.

The Finance Committee is proposing to the Board that the merchandise sales platform be moved to CafePress. CafePress is a company that works with designers to bring the world millions of designs on hundreds of different products. Our mission is to create human connection by inspiring people to express themselves. We do the dreaming and CafePress will handle the printing, customer logistics, payments, etc. OTA maintains ownership of designs, sets price (markup = net revenue), and receives a 5-10% royalty on items sold. OTA would need to create a CafePress shop and promote the shop. See Exhibit A for proposal and details.

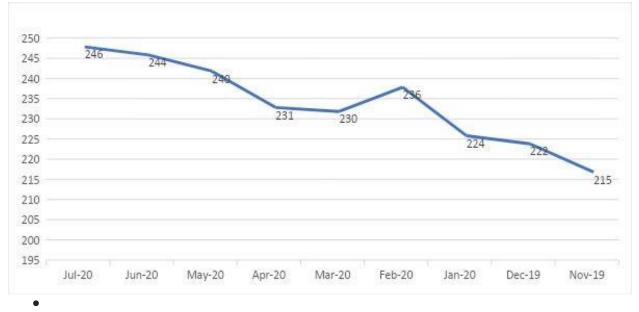

Work has been completed on updating Membership retention and reporting, including new visualizations. A new Member, Jim Schneider has joined the Finance Committee and will be focused on Corporate Sponsorship. Goals updates are located in Exhibit B. Detailed committee meeting notes from Q2 2020 can be found in Exhibit C.

#### <u>Membership</u>

July 31 Membership Counts

- Annual Members: 192
- Lifetime Members: 54
- TOTAL Members: 246

#### **Events**

- Due to COVID-19 restrictions, moved the 2020 OT Challenge Hike to the weekend of September 12-13, 2020.
- It is anticipated that the pandemic may continue to have an impact on events for the immediate future.

The Fundraising Committee is looking forward to new and continuing partnerships in 2020.

#### Proposal Development Form

#### Proposed by: Finance Committee, Hannah Hussey

Short description of goals of the program: The goal of moving the merchandise sales platform to CafePress is to increase revenue and brand recognition by creating a CafePress shop which

removes responsibility for physical inventory management, customer service, and shipping responsibility from the Ozark Trail Association.

*Background Information*: There is not currently a constant revenue stream from merchandise (except maps). This is a missed opportunity for revenue and marketing. Managing physical inventory and payment methods is a logistical challenge.

Detailed description of program: The CafePress Shop would be set up by the Chief Operations Officer and the web designer with input and assistance from the Finance Committee and other volunteers. CafePress holds numerous kinds of mid/high quality merchandise ready to be branded with OTA designs and set directly to our customers. The OTA will decide what merchandise will be branded with OTA designs. The OTA designs remain the property of the OTA. CafePress asks for permission to use OTA designs to advertise on behalf of the OTA on the main CafePress site. There is no cost to set up the site. CafePress set the base price for each merchandise SKU. The OTA determines and keeps the markup from the base price as revenue. Any merchandise purchased by the OTA directly is purchased at base price, no mark up. The goal would be to have the CafePress OTA site up and running by the end of October 2020 to allow for marketing campaigns and holiday shopping.

Describe potential impact of the program: This initiative is part of the objective to bring awareness to the Ozark Trail and also increase revenue.

*Is this a proposal for a pilot program or a recurring program?* This is a 2020 pilot program, if successful the CafePress shop would continue for the foreseeable future.

*How will the Program be assessed?* ROI will be the key assessment tool. Ease of implementation and management will be the key to the long term success. Integration with the OTA website and social media channels are critical. CafePress shop should become a sustainable revenue source.

Potential financial impact of the program: The cost per year to maintain will be determined by marketing strategy and need for new designs. Any revenue generated would be incremental earnings on top of current sales.

What other Committees might be impacted by this proposal and how? The CafePress shop for the OTA would impact the COO, Finance Committee, website designer, Advocacy Program,

and Public Engagement Program. The management, strategy, revenue, and outreach impact could all benefit from having merchandise accessible to customers worldwide.

Are there potential external collaborators/partners? CafePress is a recognized partner. Brands such as National Geographic utilize the platform.

# Additional considerations:

*Program plan*: The CafePress Shop would take two to four weeks to set up with a single 0.25 headcount utilizing current OTA designs. The maps will not be offered for sale on the CafePress shop initially. Future integration could be investigated after the 2020 pilot.

*Intellectual property:* The OTA will own all designs added to the CafePress shop. CafePress will have the ability to use OTA designs for marketing campaigns to drive business to CafePress and the OTA shop. Consideration to potential infringement of others designs will need to be monitored.

*Inclusivity and diversity:* Designs and messaging of all merchandise will need to be monitored to align with Diversity and Inclusion standards of the OTA.

- e. Devils Toll

June date has been postponed to now be held on Oct. 3rd 2020 Communications went out to racers last week as well as a post to the facebook page to inform all.

- i. At this point we have the following qty registered.
  - 1. 8 solo runners
  - 2. 4 solo hikers
  - 3. 8 run teams
  - 4. 16 hike teams
  - 5. Leaving us at 60 total participants. It slowed drastically since March.

I have given a discount code to a couple on Instagram to participate and also help promote the event on their page as they are heavily immersed in outdoors and have a good following., hoping as this passes and both they post and we begin ramping up posts it will get us back to registrations. We are at approx. 40% of what we had race day last year, however we did get about 40% of the total participants in the final 6 weeks of signups.

I have also taken off the option for camping in the group site which has roughly 40 reservations. We make 2.50-3 per camper based on rate we got from parks. Not much but a little extra we didn't LY.

Abi is working on potential sponsorship, which would be huge but unsure on potentially getting it.

- f. Ryan and Jake will be reaching out to a few opportunities over summer for other sponsorships, donations, etc.
- g. Jake has made a few videos of his runs and the last one I did I put a donation link to it and in the week it has been up it brought \$125. I will try to do same each time and may even repost old videos to get some more traffic from that method. I don't know if that's something for a little extra we can look at down road with posts?
- h. Last note, I do not think it is our group but a thought. My buddies and I were at the Eleven point terminus last weekend. There is no real notice of trail or trailhead in that area. Could we propose so funding go to a sign off Hwy 99 as well as a direction off the CR 430 and maybe put something at the TH itself where the Blue ridge and OT start that says "hey here is the southern part of 230+ miles of Trail"
- i. Bring the TH closer to the county road?
  - ii. Posts are available to put on the road. Holes need to be dug. Mark Twain Forest is ok with sign post being placed.
  - iii. Pass this to Construction and Maintenance and Planning Committee
  - iv. County Rd to TH is ~0.25 miles
  - v. Jake will coordinate with Abi for more markers
- 3. Store and Gear Plan Hannah Hussey
  - a. what are the best selling designs. Maps and hats/t-shirt
    - i. Cafe Press provide graphics, no need to manage inventory.
- 4. Goal Check In Hannah Hussey
  - a. Strategy and Structure
    - i. Create a strategic three year plan for the development of a sustainable revenue generation program for the Ozark Trail Association.

#### Programmatic Business Model

Introduction and Objective:

- Proposal to adopt the Programmatic Business Model as detailed in the Proposal Development Form.
- Pilot the implementation of the Programmatic Business Model as detailed in the Proposal Development Form.
- 3. Infographic, Cover Letter, and Programmatic Business Model attached in Exhibit A.

#### **Proposal Development Form**

Proposed by: Strategic Focus Group, Hannah Hussey

Short description of goals of the program: The purpose of this document is to provide a succinct description of the business model of the Ozark Trail Association (OTA) as a non-profit organization. In developing this document, the Board of Directors and staff of OTA have established the following objectives for it:

- 1. To identify and explain the links between the mission of the OTA and its programs.
- To describe the services that are provided by these programs in terms of tangible results.
- To explain how the general management and finance functions support the delivery of OTA functions.
- 4. To explain that the value of the services provided are related to the direct program costs, the volunteer labor expended and the indirect costs of the OTA.

Background Information: Discussion at previous board meetings indicated the need for operational clarity in support of the OTA mission. The Programmatic Business Model provides clear roles, responsibilities, and accountability that will aid in operational efficiency and external communication. Currently there is a lack of clear operational function. Hence, the "Check with the Abi, she will know," catch phrase.

August 29, 2020

Programmatic Business Model

1

Detailed description of program: The Programmatic Business Model would impact the BoD, Committees, Members, Sponsors, and Volunteers. The BoD and Committee Chairs have been involved or feedback has been solicited during the development phase of the project. The Programmatic Business Model provides four distinct programs that support the execution of the OTA Mission. By clearly articulating how the OTA works. Potential members, sponsors, and volunteers will have a greater understanding of the organization. Plus the infographic looks really cool! Thanks Abi!

Describe potential impact of the program: This proposal is related to undefined efforts to advance, organizational development and strategic planning. When adopted the Programmatic Business Model will provide defined Programs for delivering the OTAs mission, the responsibilities and deliverables of the Programs and accountability for executing on goals.

*Is this a proposal for a pilot program or a recurring program?* This proposal is for implementation of the Programmatic Business Model creating the opportunity for process development to support ongoing reporting, structure, and accountability.

How will the Program be assessed? The Programs will be assessed on a Quarterly basis at the OTA Board meetings. Proposed Cycle: Q1 Review of previous year's Program Reports provided by responsible persons (example: Committee Chairs) and compiled into Program Reports. Q2 and Q3: Program annual goal updates provided by Committee Chairs and compiled into Program Reports. Review resource allocation and adjust as necessary. Q4: Program proposals for next year's goals and resource allocation.

Potential financial impact of the program: No expected cost/year increase. Expected Revenue increase through marketing utilizing the Programmatic Business Model. Existing resources will be repurposed (ex: Committees) and additional resources will be necessary as organizational and strategy development progress. The Advocacy Program will need to be developed over the next year.

What other Committees might be impacted by this proposal and how? Committee Chairs have been consulted for impact and input. Coaching and templates for goals will be necessary for successful implementation.

Are there potential external collaborators/partners? Other mid-long distance trails and other 501c3s face similar challenges when evolving from grassroots organizations into higher functions. Land Managers and Government agencies play a large role in the success of OTA initiatives. Lessons can be learned from their success and challenges. www.boardsource.org

*Program plan*: After approval for adoption. 2 months will be needed for template development, coaching, and communication planning.

Intellectual property: No

*Inclusivity and diversity:* The Programmatic Business Model was developed to be inclusive and seek diversity by creating an Advocacy Program and integrating with ongoing I&D efforts the OTA is currently undertaking, including consultancy of underrepresented populations.

#### The Fiduciary Responsibilities of a Nonprofit Board

Nonprofit board directors have three fiduciary responsibilities, and each of them is very important. It's critical for board directors to practice them in word and in deed, and to make sure that their fellow board directors do as well. The three fiduciary responsibilities of all board directors are duty of **CARE** duty of **LOYALTY** duty of **OBEDIENCE** 

It's vitally important that all board directors understand how their duties fall into each category of fiduciary duties. Not understanding fiduciary duties — or not being well-informed about them — doesn't relieve board directors from any obligations or liabilities they may face if they fail to fulfill these important duties. Board directors are called fiduciaries because they are legally responsible for managing a nonprofit entity's assets. Fundraising is one of the primary activities of a charitable nonprofit organization. Board directors are responsible for overseeing funds from philanthropists, donors and grant-makers, and making sure that the funds are being used for their intended purpose in financially supporting the organization. Board directors who diligently perform their fiduciary duties responsibly protect the organization's reputation, which also falls into the category of a fiduciary duty.

#### **Defining Fiduciary Duties**

Nonprofit board members make many important decisions, such as recruiting and appointing new board directors, hiring and firing managers and other staff members, and monitoring financial reports. All of these duties fall under the duty of care, duty of loyalty or duty of obedience.

#### **Duty of Care**

Pay attention to the organization's activities and operations. Board members should be actively participating in board meetings and on committees. They should be actively working with other board directors to advance the organization's mission and goals. They can fulfill their responsibilities by overseeing and monitoring the nonprofit's activities. Board directors should be able to read and understand financial reports and be willing to question expenditures and examine variances. They are also responsible for strategic planning and achieving the nonprofit's short- and long-term goals.

#### **Duty of Loyalty**

Put the interests of the organization before personal and professional interests. Board directors must place the interests of the organization ahead of their own interests at all times. Duty of loyalty means publicly disclosing any conflicts of interests and not using board service as a means for personal or commercial gain.

#### **Duty of Obedience**

Comply with applicable federal, state, and local laws; adhere to the organization's bylaws; and remain the guardians of the mission. Board directors must make sure that the nonprofit is abiding by all applicable laws and regulations and doesn't engage in illegal or unauthorized activities. The duty of obedience also means that board directors must carry out the organization's mission in accordance with the purpose they stated in getting qualified as a nonprofit organization.

#### **Organization Overview**

#### Mission

The mission of the Ozark Trail Association is to develop, maintain, preserve, promote, and protect the rugged, natural beauty of the Ozark Trail.

#### History

The OTA is a 501(c) 3 organization that was founded in December of 2002 and has contributed over 141,000 volunteer-hours throughout its history. The founding of the Ozark Trail Association was made possible by numerous partners. In October of 1976, representatives from various agencies met to discuss a proposal called the "Ozark Trail Concept." It was billed as an informal discussion, and quickly led to the First Ozark Trail draft in February 1977. Four years later, the first sections of new trail were under construction. It was a cooperative effort of seven governmental agencies, one private landowner, and several environmental groups banded together in what later became the Ozark Trail Council. Under this cooperative relationship, the Ozark Trail Council oversaw the construction of some 170+ miles of trail in just under a decade. Along with previously existing trails, the Ozark Trail system contained more than 200 miles of trail by 1991.

#### About the Ozark Trail Association (OTA)

Volunteers manage events, coordinate trail planning and develop future trail along with promoting the Ozark Trail at outreach events. The OTA receives grants through the Recreational Trails Program and participates in a USFS Cost-Share program. However, the OTA is responsible for the upfront costs and these expenses are paid for through money raised at fundraising events and through grants. The organization receives minimal financial support from partner land agencies. The OTA has acquired 1,283 members throughout its 17 years. The OTA publishes events on the OTA Facebook page which has more than 10,600 "likes", and regularly sends e-newsletters to 2,000+ subscribers via Constant Contact. Information and events are also published via OTA's website, ozarktrail.com.

#### About the Ozark Trail (OT)

The Ozark Trail, a 400+ mile multi-use National Recreation Trail, crosses 13 counties and is unique and nationally significant in that it is a gateway to the biologically diverse interior of the Missouri Ozarks. The trail is a family-friendly resource for all ages and individuals from a multitude of backgrounds and lifestyles. OTA volunteers keep the trail in top shape for users who will benefit from the positive impact on their health and wellness offered by the trail. Many large competitive athletic events, such as adventure races, running races and mountain bike races, are held across the trail. There are also opportunities to connect to water trails, a growing trend in outdoor recreation, by providing boating, canoeing, kayaking and wildlife viewing. The OT benefits conservation and increases tourism in trail towns near the corridor. It benefits day-hikers, backpackers, mountain bikers, equestrians, paddlers, backcountry enthusiasts, bird watchers, river enthusiasts and geocachers, along with canoe outfitters, local shops and businesses and provides a positive economic impact to local communities.

I've never been one to say "No" and along with a heart for volunteering for worthy causes... so when a chance conversation with a friend about the OT, I ended up at an OTA construction outing on the Middle Fork in 2005 and I became hooked. When my girls were younger, we were involved with Girl Scouts, family camping trips, floating the creeks and rivers to hiking the trails in the parks we camped in. Not a stranger to any work or task, I retired from Wal-Mart after 20 years and currently work as an Adm. Asst. for an Alternative school, do part time retail sales with Bath & Body Works and in the summer months I am a seasonal naturalist for Trail of Tears State Park. Becoming involved with the OTA/OT has provided me opportunities to not only meet a very diverse group of volunteers from all over the state, but also through training to become a USFS certified sawyer and crew leader while sharing my passion for the outdoors with kids of all ages at events big and small. I haven't hiked or been on all of the OT but manage to be out on the trail as much as I can through maintenance and construction events that give me the opportunity to savor the diversity of OT. Living in Cape Girardeau MO with my husband Calvin; our two daughters Casey and Emily are also volunteers as well as boyfriend Marcus, and husband Derek and our 2 1/2 yr old grandson Stratton. As a family, we also have adopted a 3.1 mile section of the Middle Fork – John Roth Memorial section. The Ozark Trail is an ongoing project for future generations and I hope that the opportunities we give volunteers and their families will help us see the completion of the Ozark Trail as we all strive to carry out the mission of the OTA.

#### • Garrett Doak, gdoak01@gmail.com, term: 2020-20xx

My first backpacking experience was in San Antonio with my older son's Scout Troop. What a hoot! I just knew that I had backpacking in my future. And I did, mostly through Scouts in St. Louis, assisting in prep hikes and leading crews in 10-day backpacking treks in Philmont, the Scouts' high-adventure ranch in New Mexico. Though my two sons are grown with families of their own, I still participate in the Scouting program and am responsible for maintenance on a 12-mile trail on the Beaumont Scout Ranch in St. Louis. Once I retired, I thru-hiked the Ozark trail and decided to transition from lurking mode to fully engaged with the Ozark Trail Association. I am currently serving as the OTA Membership Coordinator and Event Director for the annual OT Challenge Hike. I am sawyer-certified and enjoy the physical and mental challenge of clearing the trail of downfall. The best part of the OTA are the AMAZING members and volunteers: they are so friendly and welcoming, and boy are they willing to work hard on the trail! I feel privileged to be associated with such a fine group of volunteers.

#### • Mark Goforth, goforthmark@yahoo.com, term:2019-2022

My first OTA outing was a New Year's Day house/equipment cleanup. We rebuilt the tool trailer, sharpened tools, and cleaned up chainsaws. My Adopt-a-Trail is the last/eastern most section of the Taum Sauk Trail. I am the Sawyer coordinator, along with the equipment and fix-it guy. It is always entertaining to get new ideas and new help. I share Boy Scout, and Special Project responsibilities with Don Schulte.

#### Mark Seesing, <u>mjrtseesing@qmail.com</u>, term: 2020-20xx

As a life-long resident of Southeast Missouri I have had the luxury of enjoying the Ozarks on many occasions and from many different vistas. As far back as the 70's and 80's I flew fire patrol for the USFS over the entire region and marveled at the beauty the Ozarks had to offer. After hiking many of the trails, I became aware of the OTA through a contact I had with DNR. I looked into it and became a member in September of 2004. I went on several trail builds with John and Steve, Jeff, Roger, Bruce, Robert, Matt and scores of other dedicated OTA members. I brought my family along, as well as Girl Scout and Boy Scout troops. I even invited my good friend Kathie to come along and she has stepped up and filled some pretty big boots. We always welcomed kids, dogs whatever and it was always a fun and inviting time. This is an exciting time to be in the OTA. As we grow and become partners with land managers and stewards we increase our awareness and develop our contributions to the overall trail system. With that growth we have the opportunity to continue the Mission Statement of the OTA; to Develop, Maintain, Preserve, Promote and Protect the rugged beauty of the Ozark Trail. We now find ourselves involved with one of the finest organizations (OTA) building and maintaining what will one day be one of Americas finest thru-trail system.

To preserve and protect the trail the OTA advocates for public policy that provides adequate resources for trails on public land. The OTA also provides information to state and federal officials to remind them that Ozark Trail is a valuable recreation resource and that it is not currently protected by any statutes at any level authorizing it's existance. It exists only because several agencies that provide recreational trails as part of their mission chose to cooperate in connecting their assets into a long trail.	Advocacy with local communities, stressing the benefits of trails such as trail tourism and quality of life. Review to include responding to solliciation of public comments on activities proposed by public land managers, (MTNF-USFS-USDA, MO-DoC, MO- DNR, USACE) that might effect the trail. - A. <u>Mandatory Indemnification</u>. The Corporation shall indemnify any Director who was wholly successful, on the merits or otherwise, in the defense of any proceeding to which the Director was a party because he or she is or was a Director of the Corporation against reasonable expenses actually incurred by the Director in connection with the proceeding.
- B. Permissive Indemnification.
  - 1) The Corporation may indemnify any person who was or is a party or is threatened to be made a party to any threatened, pending or completed action, suit, or proceeding, whether civil, criminal, administrative or investigative, other than an action by or in the right of the Corporation, by reason of the fact that he or she is or was a Director, officer, employee or agent of the Corporation, or is or was serving at the request of the Corporation, or is or was serving at the request of the Corporation as a Director, officer, employee or agent of another Corporation, partnership, joint venture, trust or other enterprise, against expenses, including attorneys' fees, judgments, fines and amounts paid in settlement actually and reasonably incurred by him or her in connection with such action, suit, or process if he or she acted in good faith and in a manner he or she reasonably believed to be in or not opposed to the best interests of the Corporation, and, with respect to any criminal action or proceeding, had no reasonable cause to believe his or her conduct was unlawful. The termination of any action, suit, or proceeding by judgment, order, settlement, conviction, or upon a plea of nolo contendere or its equivalent, shall not, of itself, create a presumption that the person did not act in good faith and in a manner which he or she reasonably believed to be in or not opposed to the best interests of the Corporation, and, with respect to any criminal action or proceeding, had reasonable, cause to believe that his or her conduct was unlawful.
  - 2) The Corporation may indemnify any person who was or is a party or is threatened to be made a party to any threatened, pending or completed action or suit by or

in the right of the Corporation to procure a judgment in its favor by reason of the fact that he or she is or was a Director, officer, employee or agent of the Corporation, or is or was serving at the request of the Corporation as a Director, officer, employee or agent of another Corporation, partnership, joint venture, trust or other enterprise against expenses, including attorneys' fees, and amounts paid in settlement actually and reasonably incurred by him or her in connection with the defense or settlement of the action or suit if he or she acted in good faith and in a manner he or she reasonably believed to be in or not opposed to the best interests of the Corporation; except that no indemnification shall be made in respect of any claim, issue or matter as to which such person shall have been adjudged to be liable for negligence or misconduct in the performance of his or her duty to the Corporation unless and only to the extent that the court in which the action or suit was brought determines upon application that, despite the adjudication of liability and in view of all the circumstances of the case, the person is fairly and reasonably entitled to indemnification for such expenses which the court shall deem proper.

- 3) To the extent that a Director, officer, employee or agent of the Corporation has been successful on the merits or otherwise in defense of any action, suit, or proceeding referred to in subsections (1) and (2) of this section, or in defense of any claim, issue or matter therein, he or she shall be indemnified against expenses, including attorneys' fees, actually and reasonably incurred by him or her in connection with the action, suit, or proceeding.
- 4) Any indemnification under subsections (1) and (2) of this section, unless ordered by a court, shall be made by the Corporation only as authorized in the specific case upon a determination that indemnification of the Director, officer, employee or agent is proper in the circumstances because he or she has met the applicable standard of conduct set forth in this section. The determination shall be made by the Board of Directors by a majority vote of a quorum consisting of Directors who were not parties to the action, suit, or proceeding, or if such a quorum is not obtainable, or even if obtainable a quorum of disinterested Directors so directs, by independent legal counsel in a written opinion.
- 5) Expenses incurred in defending a civil or criminal action, suit or proceeding may be paid by the Corporation in advance of the final disposition of the action, suit, or proceeding as authorized by the Board of Directors in the specific case upon receipt of an undertaking by or on behalf of the Director, officer, employee or agent to repay such amount unless it shall ultimately be determined that he or she is entitled to be indemnified by the Corporation as authorized in this section.
- 6) The indemnification provided by this section shall not be deemed exclusive of any other rights to which those seeking indemnification may be entitled under Section 537.117, Mo. Rev. Stat. 1986, any other provision of law, the Articles of Incorporation of the Corporation or these Bylaws or any agreement, vote of disinterested Directors or otherwise, both as to action in his or her official capacity and as to action in another capacity while holding such office, and shall continue as to a person who has ceased to be a Director, officer, employee or agent and

shall inure to the benefit of the heirs, executors and administrators of such a person.

- 7) The Corporation shall have the power to give any further indemnity, in addition to the indemnity authorized or contemplated under other subsections of this section, including subsection (6), to any person who is or was a Director, officer, employee or agent, or to any person who is or was serving at the request of the Corporation as a Director, officer, employee or agent of any other Corporation, partnership, joint venture, trust or other enterprise, provided such further indemnity is either (i) authorized, directed, or provided for in the Articles of Incorporation of the Corporation or any duly adopted amendment thereof or (ii) is authorized, directed, or provided for in these Bylaw or agreement of the Corporation, and provided further that no such indemnity shall indemnify any person from or on account of such person's conduct which was finally adjudged to have been knowingly fraudulent, deliberately dishonest or willful misconduct.
- 8) For the purpose of this section, references to the "the Corporation" include all constituent corporations absorbed in a consolidation or merger as well as the resulting or surviving corporation so that any person who is or was a Director, officer, employee or agent of such a constituent corporation or is or was serving at the request of such constituent corporation as a Director, officer, employee or agent of another corporation, partnership, joint venture, trust or other enterprise shall stand in the same position under the provisions of this section with respect to the resulting or surviving corporation as he or she would if he or she had served the resulting or surviving corporation in the same capacity.
- 9) For purposes of this section, the term "other enterprise" shall include employee benefit plans; the term "fines" shall include any excise taxes assessed on a person with respect to an employee benefit plan; and the term "serving at the request of the Corporation" shall include any service as a Director, officer, employee or agent of the Corporation which imposes duties on, or involves services by, such Director, officer, employee, or agent with respect to an employee benefit plan, its participants, or beneficiaries; and a person who acted in good faith and in a manner he or she reasonably believed to be in the interest of the participants and beneficiaries of an employee benefit plan shall be deemed to have acted in a manner "not opposed to the best interests of the Corporation" as referred to in this section.
